

"It is easier to build strong children, than to repair broken men."- Frederick Douglass

The Respect & Honor Academy, Inc. is a 501(c)3 nonprofit organization, that focuses on merging two powerful entities: mentoring and athletic training. We utilize camps, workshops, lectures, educational tours, and athletic events to develop young men in the Baltimore, MD community into productive citizens. Our camp program runs over a span of three months, and during that time, we cover diverse topics, such as:

- Manhood
- Financial Literacy
- Entrepreneurship
- Resume Building
- Leadership
- & More

Our objective is to create an impactful and life-changing experience for participants, as many of them are labeled 'at-risk' due to their environment. Although our program is open to young athletes and students alike, there are many young student-athletes that need guidance and support as they use sports to create a better environment for themselves, their families, and our community. We have had several program participants earn collegiate scholarships, and their success illustrates the success of our program.

While our programs carry some unavoidable overhead to administer, it is necessary to cultivate the next wave of community leaders. We have sought out local businesses and corporations, like your organization, that share our beliefs and concerns for the youth in our community. We offer you an opportunity to partner with us through advertising sponsorships and tax-deductible donations, which will be used to fund our programs, workshops, and more. While we have received support from several professional athletes in the area, a mutually beneficial partnership with your organization will allow us to serve more young men in our great community – together.

I have included additional information about our sponsorship levels. Should you have any questions, you can reach me directly. Thanks for your consideration and support as we continue to build a better Baltimore. We look forward to working with you.

Thank you,

Aaron Campbell
